### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: In light of the Appellants arguments found on pages 13-15 of the Appeal Brief filed November 15, 2004 regarding the SunOS Operating System and the accompanying references attributing to the concept that the aforementioned OS is a monolithic kernel and no message passing occurs between threads of the operating system and does not apply to the Inter-Process Control (IPC) message passing Operating System as claimed. For these reasons, as well as the other limitations in the independent claims, render this case in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
